

Nevada's 2022 Comprehensive Support and Improvement Schools

Overview

Schools listed below have met the designation criteria for Comprehensive Support and Improvement (CSI) under Nevada's federally approved Every Student Succeeds Act (ESSA) Plan. The CSI schools list identifies schools eligible for supports and interventions. CSI schools also qualify for additional funding support through state and federal programs.

Eligibility Categories

CSI schools meet at least one of the following criteria:

- Title I schools in the bottom 5th percentile, according to their adjusted NSPF score index;
- High schools with a four-year adjusted cohort graduation rate (ACGR) below 67%; or
- Title I schools that did not exit a Targeted Support and Improvement (TSI)/ Additional Targeted Support and Improvement (ATSI) designation after three-year improvement plan.

* In accountability years prior to School Year 2021-22, schools that received a 1-Star rating on the Nevada School Performance Framework (NSPF) were automatically eligible to become a CSI school. Also, schools that were non-Title I but fell below the lowest 5th percentile cut were also designated for CSI. These categories have changed to better align with the accountability requirements under the Every Student Succeeds Act (ESSA). Schools that were designated previously based on these criteria still maintain their CSI status until evaluated for exit.

CSI School Cohorts

Once a school is identified as a CSI school, it will remain a part of that cohort for four years, including a designation year followed by a three-year improvement phase, with the goal of exiting CSI designation by achieving at least a 3-star rating and additional criteria. The first cohort of CSI schools were identified in 2017. Therefore, this year's CSI schools list includes schools identified between 2017 and the current year.

Additional Information

Additional information and symbols provided within the CSI schools list may be found at the end of this document.

Schools Meeting Comprehensive Support and Improvement (CSI) Criteria

Each of these schools were identified for CSI, in the year specified below, due to an index score in the bottom 5th percentile of schools, a 1-star rating, or a graduation rate below 67%. ^ indicates graduation rates lag one year (i.e. 2022 NSPF graduation rates are based on class of 2020-21 rates).
