Mission Statement

Vision Statement of the Clark County School District (CCSD) Board of Trustees: All students progress in school and graduate prepared to succeed and contribute in a diverse global society.

Superintendent's Highlights

Superintendent's Highlights

CCSD is in its second year of a five-year implementation of Focus:2024, Clark County School District's Five-Year Strategic Plan. The plan was developed to ensure that all schools are rated three stars or higher on the Nevada School Performance Framework and that at least 90 percent of CCSD students graduate from high school college and career ready.

Throughout Focus: 2024, work is approached through a theory of action that recognizes that, "Our people drive our success." It follows, "In order to realize this plan, we must commit to attracting, growing, retaining, and rewarding our people." This theory helped to operationalize established core values of high expectations, accountability, equity, innovation, integrity, leadership, customer service, and communication into five strategic priorities that will enable CCSD to achieve student success targets.

Priority Area 1: Student Success

Increasing student achievement in core content areas will rely on providing high-quality, standards-based Tier I instruction. Objectives and strategies are designed to:

- Increase student achievement in English language arts, mathematics, and science.
- Decrease student proficiency gaps in English language arts, mathematics, and science.
- Increase access and equity to rigorous curriculum and instruction for all students.
- Ensure students and staff are safe and engaged at school.

Priority Area 2: Teachers, Principals, and Staff

Objectives and strategies are designed to ensure all students have access to highly effective teachers, principals, and school staff.

Priority Area 3: Balanced Governance and Leadership

Objectives and strategies are designed to enhance CCSD's Governance and Leadership structures to reflect the needs of the community.

Priority Area 4: Sound Fiscal Management

Objectives and strategies are designed to:

- Improve quality, communication, and understanding of district financial information.
- Improve financial equity and stability and ensure regulatory compliance with finance and budget related requirements.
- Ensure operational effectiveness and efficiency of school and district facilities and operational resources.
- Reduce the general fund impact caused by safety concerns resulting in injury or damage.

Priority Area 5: Parent and Community Support

Objectives and strategies are designed to:

- Leverage internal resources to help parents/guardians support student achievement and attendance.

- Secure strategic external resources and community partners.
- Improve trust in and perception of CCSD.

Magnet Schools -Fiscal Year 2019-2020 Accomplishments

For the 2019-2020 school year, the CCSD Magnet Schools Department implemented the first phase in increasing access for students to magnet programs. Kindergarten was added as an option to magnet choices for the first time since the advent of magnet schools in CCSD. Additionally, revisions were implemented to the application process, which transitioned the majority of program criteria for high schools from criteria-based to interest-based. Lied STEM Academy and Roger D. Gehring ESA Academy of Science and Technology were named Project Lead the Way (PLTW) Distinguished schools.

Goals and Objectives

COVID-19 Pandemic and School Closures and the Effect on District Goals and Objectives

The COVID-19 pandemic resulted in school closures across the country, and schools in Nevada were not excluded. Through a

series of emergency directives beginning on March 15, 2020, Nevada Governor Steve Sisolak ordered all K-12 schools closed through the remainder of the 2019-2020 school year. The Governor's directives also suspended all requirements for state-mandated end-of-course examinations, criterion-referenced tests, and college and career readiness tests.

Districts were required to develop, submit, and implement emergency distance education plans to continue educating students for the remainder of the school year. During school closures, the success of all students remained the center of our work. The District's Emergency Distance Education Plan provided guidelines and systems to support students' learning while the District worked collaboratively as a team of educators to promote student learning. At the end of the school year, a total of 4,370 students were reached, showing that nearly 99 percent of students were reached during the school closures.

The 2019-2020 school closures and potential disruption to the 2020-2021 school year will require that the Focus: 2024 plan is reevaluated, though the full academic effects of the COVID-19 pandemic are yet unclear.

District Communication Efforts

Parents/guardians and community members are encouraged to be active participants in the educational process. In the 2019-2020 school year, CCSD promoted frequent, two-way communication with parents/guardians, families, and the community through a variety of meetings, forums, publications, and media:

Board of School Trustees' outreach to the community:

- Members of the Board of School Trustees conducted regular Parent Advisory Committee (PAC) meetings at various locations in the areas they served, some were held virtually, and information was placed on social media about PAC meetings.
- The Board of School Trustees conducted Community Linkage meetings in order for parents/guardians and the community to provide input. These meetings were promoted on social media and through the Web site.
- The Board of School Trustees hosted a television program, "School Matters," on Vegas PBS that aired four times throughout the year. This program provided community members with answers on a variety of important CCSD topics.
- The Board of School Trustees regular Board meetings, as well as most work sessions and committee meetings, were available on ccsd.net and/or Facebook Live streaming in order to provide parents/guardians, students, and the community with greater access to the meetings and the decision-making process.
- The Board of School Trustees regularly recorded Education Service Announcements (ESAs) that aired on Vegas PBS regarding important and timely topics.
- The Board of School Trustees held a joint meeting with the Clark County Commission regarding AB309. Other CCSD community interactions:
- Four "Java with Jara" Town Hall meetings were held virtually during the COVID-19 pandemic school closures to allow for participation in two-way dialogue, answering questions for the community and employees.
- CCSD participated in and presented at the Metro Chamber Be Engaged forum with ways for the community to get involved with CCSD programs.
- The Board of School Trustees, Superintendent, and CCSD staff attended community meetings and made presentations to the members of various community organizations.
- Surveys were made available to parents/guardians and the community requesting feedback regarding all aspects of schools, including CCSD's annual Districtwide Survey and a Reopening Our Schools Survey, to gather feedback from parents/guardians, students, and the community prior to classes resuming due to the COVID-19 pandemic.
- Parents/guardians and community members regularly participated and provided input to critical committees, such as the Attendance Zone Advisory Commission (AZAC), Bond Oversight Committee, School Name Committee, and the Student Advisory Committee.
- CCSD provided reports and messages related to educational reforms and planned changes to the community through community meetings, emails, parent/guardian messaging, Web postings, Just the Facts documents posted on ccsd.net, on social media, and at presentations at the Board of School Trustees meetings.

Other CCSD communications:

- CCSD provided updates and important messages directly to parents/guardians and community members through Web site postings, email, the ParentLink messaging system, and social media venues like Facebook, Instagram, and Twitter.
- The CCSD Web site provided timely information for parents/guardians and provided links to individual school Web sites, as well as Summer Information and Back-to-School pages that were available to students and parents/guardians.
- Web resources also included a section regarding CCSD's reorganization (reorg.ccsd.net), including professional learning information, videos, and legislative updates. There is also a family section and information on School Organizational Teams (SOTs).
- The ccsd.net Web site was heavily utilized during the COVID-19 pandemic school closures to ensure access to distance education; food services; and Dr. Jara messaging to students, families, employees, and the community.
- Dr. Jara recorded monthly "Java with Jara" videos distributed through CCSD's monthly community newsletter. CCSD sends a monthly newsletter to community supporters, as well as the faith-based community.
- Additional video messages were created to share with parents/guardians and the community, including graduation updates, phase one reopening update, employee recognition videos, and more.
- CCSD's social media accounts are utilized daily to promote CCSD and school activities and accomplishments, dates and times for Board and Committee meetings, FACES events, safety reminders, partnering with other entities, and to encourage the community to be involved in public education. Schools throughout CCSD produced and distributed information about the specific programs, activities, and events through newsletters, their Web sites, and the ParentLink messaging system.
- The Superintendent and CCSD staff appeared on radio and television shows to inform the community of changes that are currently taking place within CCSD and to encourage their feedback and foster positive working relationships.

- CCSD presented “Inside Education,” a 30-minute twice-a-month news program on Vegas PBS highlighting activities and achievements in CCSD, and interviews with CCSD staff, parents/guardians, students and community representatives.
- CCSD continued to contribute to a weekly education news column in El Tiempo, “Zona Escolar.”
- CCSD continued the “What’s Cool at School” segment with the local CBS affiliate to highlight different schools, students, and staff. Additionally, a regular “Discussing the District” segment was utilized.

Discipline

Discipline Narrative as reported for the 2019-20 annual report of accountability:

The Education Services Division (ESD) administration provides annual professional learning to all administrators assigned to handle student discipline as aligned to the K-12 CCSD Student Code of Conduct. The course covers the behavior tab in Infinite Campus, accuracy in event and resolution codes, student searches, student expulsion procedures and related statutes, student attendance procedures and related statutes, investigation procedures, and discipline data reporting. In addition, all administrators must attend a thorough, annual professional learning specific to bullying and cyberbullying. This course incorporates the relevant sections of Chapter 388 of the Nevada Revised Statutes (NRS) as well as Clark County School District (CCSD) Policy 5137 – Safe and Respectful Learning Environment. Professional Learning sessions define bullying and cyberbullying, outline the mandated protocols and timelines, review all available guidance documents, and provide further discussion and information to promote a safe and respectful learning environment throughout the Clark County School District . The professional learning sessions are provided to CCSD board members, central office administrators, principals, assistant principals, deans and substitute administrators prior the start of each school year. The professional learning is also provided monthly to all newly appointed school administrators. A team drive for the Division hosts a bullying folder, which is available to all CCSD employees, and houses all bullying and cyberbullying documents, forms, and guidance documents. Our student information system, Infinite Campus, includes all required reporting documents, which are populated automatically when schools enter a bullying and/or cyberbullying event. Event types in Infinite Campus that fall under the NRS definition of bullying/cyberbullying can only be selected after the administrator selects bullying as the event type. Specialized professional learning is also provided to all school counselors and social workers/other mental health professionals providing an overview of the bullying/cyberbullying laws, which include any changes to NRS and mandated protocols, and timelines with an emphasis on the ten-day follow-up, which is often completed by the counselors or social workers.

All CCSD employees, including administrators, are also provided an online training session on Policy 5137, Safe and Respectful Learning Environment; which includes the following topics: Bullying and Cyberbullying; Harassment and Intimidation; School Safety Team; Violence and Suicide Prevention; Suicide Facts; Suicide Risk Factors; and Resources. Similarly, during the onboarding process, all new CCSD employees and volunteer coaches are provided with the same training.

Curriculum Details

CCSD's core curriculum consists of English language arts, mathematics, science, and social studies. In order to provide students with a comprehensive, rigorous curriculum, curricular and instructional support are also offered in the areas of fine arts, career and technical education, library services, world languages, health, physical education, and Reserve Officer Training Corps (ROTC). With the ongoing implementation of the 21st Century Course of Study, students in high school are scheduled into a fourth year of mathematics, which includes Algebra II, and a third year of science, including biology. CCSD specifies the Kindergarten–12 (K-12) curriculum as the basis for instruction in all classrooms. This includes traditional, blended, and online curricula. CCSD expects its students to master grade-level skills with an ultimate goal of being prepared for college and careers.

The Nevada Academic Content Standards (NVACS) serve as the foundation for the curriculum. The NVACS are a progression of learning expectations that are designed to prepare students for college and career readiness. They include rigorous content with the application of knowledge and critical thinking skills.

To further support curriculum and instruction, K-12 Literacy and Elementary Mathematics Frameworks are available. These frameworks were designed to assist classroom teachers in planning and implementing effective Tier I instruction. Included in the frameworks are the necessary components to incorporate best instructional practices for providing students with opportunities to think critically.

K-12 English Language Arts adopted and supplemental resources are continually reviewed. Members of the K-12 Literacy and Language Development Department work closely with administrators and teachers to prepare high-quality, standards-based lessons aligned to the NVACS and embed scaffolding and differentiation for all learners, and procedures and routines for the development of academic discourse and vocabulary development.

The K-12 Literacy and Language Development, Mathematics, Science and Social Studies departments unwrapped the NVACS in the Curriculum Engine, aligned resources contained in the Curriculum Engine, and created pacing guides for each grades K-8. The Curriculum and Professional Development (CPD) Division has continued to develop and implement professional learning opportunities related to unwrapping standards and instructional planning to support teachers in providing high-quality, standards-based instruction for all students. Working with Read by Grade Three Literacy Specialists, department chairs, teacher-librarians, and site-based teams, CPD has supported professional learning at all CCSD schools.

In the Social Studies Department, teacher task forces have created sample unit plans aligned to the NVACS including compelling questions, inquiry-based lessons, and resources to provide structure and guidance. Teacher task forces will continue to align additional resources including adoption of textbooks and unwrapping standards. In addition, Economics and Financial Literacy instruction were implemented in the U.S. Government and Economics courses.

The Science Department continued to provide support to all grade levels, with the development and implementation of science

curricula that reflects the Next Generation Science Standards (NGSS). The Science Department also provided professional learning to a representative from every high school in CCSD to support teachers with the High School Science Assessment.

Student progress toward achievement is continuously assessed in a variety of ways to determine appropriate student learning needs, to implement appropriate instructional strategies, and to modify instruction. Accountability data, including interim assessments and state assessments, is used to determine how well students and schools are meeting specified achievement targets; to identify areas that need improvement; to identify achievement gaps; and to measure to what extent goals for access, school improvement, and school-home relations are being met. CPD supports the needs of the schools in addressing areas for improvement and remediation programs to help reduce the identified achievement gaps.

The Leadership Development Department prepares and supports all educational leaders to provide leadership for learning. Aspiring and current school leaders are supported through professional learning that focuses on effective practices for instructional leadership and building a positive climate and culture through the lens of the Nevada Educator Performance Framework. The department works cross-functionally with district departments and divisions to ensure that the professional learning curriculum and outcomes support aspiring and current school leaders to meet the needs of all students leading to their success.

Recent district reorganization transitioned Employee Onboarding and Development to CPD. This allows for broader support of curriculum and instruction through targeted professional learning for new teachers in the areas of classroom management, culture and climate, and student engagement; a customized district teacher preparation program, Accelerated Licensure Teacher Academy (ALTA); and specialized professional learning for instructional assistants to best support student achievement.

Recent district reorganization also transitioned Family and Community Engagement Services (FACES) to CPD. This transition aligns to best practices from around the nation which underscore the importance of family engagement as an embedded part of curriculum and instruction. Recognizing the integral part family engagement plays in teaching and learning and its positive impact on student academic achievement, FACES models a dual capacity-building approach for schools and families. FACES offers professional learning to school staff on research-based strategies to engage and partner with families. The department also offers parent and family workshops through the University of Family Learning (UFL) in the areas of Parents as Teaching Partners, Navigating the School System, Involvement, Leadership, and Advocacy, and Family Wellness and Development, to increase both family and student success.

The CPD Division provided academic support for students, families, and educators during the emergency school closure due to COVID-19. Student learning extension opportunities in the content areas of mathematics and English language arts were developed and available for students in Grades K-12. As a means to promote the student learning extension opportunities and provide students, families, and educators with access to information specific to academics, CPD personnel collaborated with a cross-functional team to develop the CCSDLearns Web site. CPD personnel supported students academically throughout the summer by providing ongoing academic activities available through the CCSD Summer Connections Web site. In addition to the daily learning extension activities, science, physical education, and distance education and computer safety instructional videos were produced. These videos were made possible by a collaborative effort between CCSD, The Review Journal and COX Communications. The instructional videos were aired four hours a day, seven days a week for three weeks. To further support families, personnel from the FACES and K-12 Literacy Department collaborated on a series of support videos in both English and Spanish. The K-12 Literacy Department and Mathematics Department created a bridging document to support educators in identifying critical Nevada Academic Content Standards for potential gaps in student literacy and mathematics skills. A bridging document is designed to assist educators with closing academic gaps as a result of the emergency closure. Finally, CPD worked collaboratively with K-12 Online Blended and Learning to develop distance education professional learning for educators.

2019-2020 District Accountability Report

Data as of: End of school year

'-' indicates data not presented for groups fewer than 10 in order to protect the student privacy under FERPA.

'N/A' indicates that this population was not present.

** indicates that the data was not available.

District totals do not include state or district sponsored charter school data. (2008-Current)

Discipline and Transiency incidents are reported at the school where the action occurred.

Users should note that this data may have been affected by the early closure of school facilities in spring of 2019-20 due to the COVID 19 pandemic. Consequently, results for 2019-20 may not be comparable to previous years.

**The purpose of some alternative programs is to enroll students for a short period of time until they can reenroll in a comprehensive school; therefore, transiency rates may be greater than 100% or N/A. Data reported as of the end of the school year.

Data as of: Count Day

'-' indicates data not presented for groups fewer than 10 in order to protect the student privacy under FERPA.

'N/A' indicates that this population was not present.

** indicates that the data was not available.

District totals do not include state or district sponsored charter school data. (2008-Current)

Because of the changes in law (NAC 387.659) in 2009-2010 that affected the way credit deficient students are identified, results prior to this date and post this date cannot be compared.

Users should note that this data may have been affected by the early closure of school facilities in spring of 2019-20 due to the COVID 19 pandemic. Consequently, results for 2019-20 may not be comparable to previous years.

2019-2020 District Accountability Report

Data as of: Count Day

' indicates data not presented for groups fewer than 10 in order to protect the student privacy under FERPA.

'N/A' indicates that this population was not present.

** indicates that the data was not available.

District totals do not include state or district sponsored charter school data. (2008-Current)

Because of the changes in law (NAC 387.659) in 2009-2010 that affected the way credit deficient students are identified, results prior to this date and post this date cannot be compared.

Users should note that this data may have been affected by the early closure of school facilities in spring of 2019-20 due to the COVID 19 pandemic. Consequently, results for 2019-20 may not be comparable to previous years.

Student/Teacher Ratio

Student/Teacher Ratio is listed for all classes whose students do not rotate to different teachers.

Data as of: Previous School Year

'-' indicates data not presented for groups fewer than 10 in order to protect the student privacy under FERPA.

'N/A' indicates that this population was not present.

** indicates that the data was not available.

Data in grade 9-12 excludes pupils:

who successfully completed HSE assessment,

who are enrolled in approved courses for an adult standard diploma, withdrew from school to attend another school.

Data is not displayed for a group where enrollment information is missing.

Negative value indicates rate cannot be calculated due to zero enrollment.

Nevada System of Higher Education Remedial Data

Students enrolled in remedial courses within the Nevada System of Higher Education (NSHE) do not reflect all graduates. Some graduates do not attend college or they attend college out of state.
