

Nevada's 2025 Targeted Support and Improvement (TSI) Schools

Overview

Targeted Support and Improvement (TSI) schools meet designation criteria under Nevada's federally-approved Every Student Succeeds Act (ESSA) Plan. All Indicators in the Nevada School Performance Framework (NSPF) have multiple Measures and each Measure is disaggregated by 10 student groups (American Indian/Alaska Native, Asian, Black/African American, Hispanic/Latino, Native Hawaiian/Other Pacific Islander, Two or More Races, White, English Learners Current and Former, Students with Disabilities, and Economically Disadvantaged Students). TSI schools have one (or more) low-performing student groups in multiple Indicators for at least two years in a row.

Eligibility Criteria

Schools are designated as TSI if they have one (or more) consistently underperforming student groups within the Academic Achievement Indicator **AND** two other Indicators (Growth, Graduation Rate, English Language Proficiency, and Student Engagement). A consistently underperforming student group is a group that was at or below the lowest 15th percentile for the all-student group in that measure. The same student group must flag the Academic Achievement Indicator and at least two other Indicators for the school to be designated as TSI. Please see the NSPF Manual on the [Nevada Report Card](#) for more information on TSI Designation criteria.

Additional Information

LEAs are responsible for exiting TSI schools. The Nevada Department of Education identifies TSI Schools annually from the list of schools that are neither CSI nor ATSI.
