

Nevada’s 2026 Targeted Support and Improvement (TSI) Schools

Overview

Targeted Support and Improvement (TSI) schools meet designation criteria under Nevada’s federally-approved Every Student Succeeds Act (ESSA) Plan. All Indicators in the Nevada School Performance Framework (NSPF) have multiple Measures and each Measure is disaggregated by ten (10) student groups (American Indian/Alaska Native, Asian, Black/African American, Hispanic/Latino, Native Hawaiian/Other Pacific Islander, Two or More Races, White, English Learners, Students with Disabilities, and Economically Disadvantaged Students). TSI schools have low performance by one or more student groups two years in a row. To determine this, an adjusted NSPF Score is generated for each student group at each school using all applicable NSPF rules, and then this adjusted score is compared to a bottom 15th percentile cut score. If one or more student groups is at or below this 15th percentile cut two years in a row, they are designated as TSI. More information on entrance criteria can be found in the NSPF manual found on the [Nevada Report Card](#).

Bottom 15th Percentile Cuts

Bottom 15 th Percentile Cuts	Elementary School (.1)	Middle School (.2)	High School (.3)
2024-2025	22	20.5	13.2
2025-2026	20.5	21.6	16.3

Additional Information

LEAs are responsible for exiting TSI schools. The Nevada Department of Education identifies TSI Schools annually from the list of schools that are neither CSI nor ATSI.
