Mission Statement

Washoe County School District's promise is to know every student by name, strength and need so they graduate prepared for the future they choose, and we will deliver on this promise in partnership with our families and community.

Superintendent's Highlights

2025-2026 Superintendent Highlights

WCSD Uses Innovative Methods to Recruit Outstanding New Teachers

Several hundred highly qualified new teachers joined the Washoe County School District before classes started this year, thanks to innovative and intentional hiring strategies led by the District's Human Resources Department. These efforts helped WCSD begin the school year with approximately 10 unfilled classroom positions, compared with prior years when the District experienced nearly 150 unfilled classrooms at the start of school.

The District's broader workforce strategy also supported retention, including compensation enhancements made possible through legislative action and collective bargaining. WCSD achieved a 94.7 percent teacher retention rate from 2024-25 to 2025-26 and is projecting approximately 96 percent teacher retention heading into 2026-27.

These results reflect a more strategic, data-informed, and proactive approach to staffing schools, supporting educators, and reducing classroom vacancies before students return.

WCSD Celebrating Impressive Gains in English and Math Proficiency, Decrease in Chronic Absenteeism

The Washoe County School District (WCSD) is celebrating an historic academic achievement with the single largest one-year increase in English Language Arts (ELA) and Math scores in the Smarter Balanced Assessment test since the 2015-16 school year.

In ELA, the district posted a 3.4 percentage point gain in proficiency from the 2023-24 school year. In Math, the district posted a 2.7 percentage point gain in proficiency over the same period.

In addition, The Reno + Sparks Chamber of Commerce supports the "Attendance Matters" campaign, a partnership between The Chamber, United Way of Northern Nevada and the Sierra, and Strengthen Our Community, a nonprofit group whose overall mission is to raise awareness about barriers to opportunity and bring partners together to identify and implement solutions.

As a result of these efforts, 71 percent of WCSD schools recorded a decrease in habitual absences among students.

US News & World Report Ranks WCSD Schools Among The Best in Nevada

In its annual K-12 directory, US News & World Report ranks six Washoe County School District (WCSD) schools among the best in Nevada based on their students' performance in state-required tests, graduation rates, and how well students are prepared for high school.

Among the top 10 elementary schools in Nevada, Hunsberger Elementary School was ranked second, Caughlin Ranch Elementary School was ranked fourth, and Roy Gomm Elementary School was ranked fifth in the state.

Among the top 10 middle schools in Nevada, Mt. Rose K-8 Academy of Languages ranked first in the state, and Swope Middle School ranked sixth.

The Academy of Arts, Careers & Technology (AACT) High School ranked seventh among the top 10 high schools in Nevada.

Specifically, the rankings are created based upon student performance in reading and math as documented in state testing.

WCSD Celebrates Increase in Graduation Rate

The Washoe County School District (WCSD) is celebrating an increase in its graduation rate, as 4,277 students earned their high school diploma and walked across the graduation stage in the Class of 2025. This represents a graduation rate of 82.95 percent, a 1.2 percentage point increase from the previous year.

In addition, 2,146 students (50.18 percent) earned Honors, Advanced, or College and Career Readiness diplomas, which represents an increase of 3.08 percentage points over the previous year. The district commends the students, families, and staff members who worked in partnership to ensure they concluded their K-12 journey and achieved this significant academic milestone.

WCSD Celebrates Career and Technical Education Month: District provides dozens of opportunities and courses for students

The Washoe County School District (WCSD) will observe Career and Technical Education (CTE) Month in February by celebrating the dozens of district programs that help students explore their talents and prepare for high-skill, high-paying, in-demand careers after graduation.

As part of the district's "CTE For All" approach, more than 8,000 WCSD students are currently enrolled in courses in healthcare, education, construction and other skilled trades, business, engineering, IT, forensic science, fire science, aviation, performing arts, culinary arts, manufacturing, military science, and much more. CTE programs feature state-of-the-art training, including realistic flight simulators at the AACT Aviation Academy; building construction, metalworking, and engineering facilities at Debbie Smith CTE Academy; medical programs at Procter R. Hug High School; a broadcast studio at Spanish Springs High School where students prepare for careers in radio and television, and much more.

AACT Principal Jason Mattick Named State STEM Advocate of the Year

The Governor's Office of Science, Innovation and Technology (OSIT) has announced that AACT High School Principal Jason Mattick will be recognized as the Nevada State STEM Advocate of the Year in recognition of his commitment to promoting STEM (Science, Technology, Engineering, and Mathematics) education and engagement.

WCSD Students Excel at Nevada SkillsUSA State Conference

Washoe County School District (WCSD) students earned an impressive number of championship titles and podium finishes at the Nevada SkillsUSA State Conference, demonstrating excellence across career pathways including health sciences, manufacturing, public safety, design, media, and skilled trades.

These results reflect the strength of WCSD's Career and Technical Education (CTE) programs and the dedication of students and educators preparing learners for high-skill, in-demand careers.

Students at Marvin Picollo School Receive Generous Gift From Reno Rodeo

Marvin Picollo School students have a new friend on their campus, thanks to a generous sponsorship from the Reno Rodeo Foundation and the Reno Rodeo Association.

The Rodeo groups donated funds to purchase Annie, a brown and white mini horse, who joins Princess (another mini horse) at the school barns. Many students at Picollo School are medically fragile or have developmental disabilities, and equine therapy provides an opportunity for students to interact with the animals during school days.

Incline High School and Reno High School "We the People" Teams Bring Home National Honors

Schools from the Washoe County School District (WCSD) continued a decades-long tradition of national honors in the annual "We the People" competition, where students make presentations to panels of scholars, attorneys, educators, public officials, and court judges to showcase their extensive knowledge of the U.S. Constitution and American government.

Incline High School's team placed tenth in the nation, while Reno High School's team ranked first in Division C. The teams placed first and second, respectively, in the state competition earlier this year, and Reed High School's team placed third in Nevada.

WCSD students recently came together with peers from across northern Nevada to celebrate learning, teamwork, and cultural knowledge at the annual Paiute Bowl—an event that highlights the importance of Native American education and language preservation.

Students from WCSD high schools competed against one another and alongside teams from Pyramid Lake High School and Yerington High School, creating an atmosphere of friendly competition, collaboration, and shared respect for culture and history.

WCSD currently offers Paiute Language classes at Wooster High School, Reed High School, and Spanish Springs High School, and the courses are open to all students. Students may complete first- and second-year Paiute Language classes and earn World Language credit toward graduation, while gaining a deeper understanding of Nevada's Indigenous communities.

This year's Paiute Bowl concluded with strong performances from all participating schools. Spanish Springs High School earned 1st Place, followed by Pyramid Lake High School in 2nd Place and Yerington High School in 3rd Place. Reed High School placed 4th, with Wooster High School earning 5th Place.

Student Voice in Action: WCSD Students Lead, Listen, and Learn at 2026 Conference

On Friday, May 8, middle school and high school Student Voice members from across Washoe County School District (WCSD) gathered at Truckee Meadows Community College (TMCC) for the 2026 WCSD Student Voice Conference, an energizing day dedicated to student leadership, authenticity, and action.

Student Voice can be described as a leadership class by some, but it's something uniquely its own. These students aren't elected like a class president; they choose to participate. At each school site, Student Voice members join a club committed to actively making positive changes for the good of their school communities, their educators, and their peers. On Friday, that commitment was on full display.

WCSD Expands Pre-Kindergarten Programs

The Washoe County School District (WCSD) is expanding its Pre-Kindergarten programming, thanks to funding from the Nevada Department of Education.

WCSD is offering approximately 200 more seats to students who will attend classes four days per week—Monday, Tuesday, Thursday, and Friday— for a total of 900 Pre-K seats in schools. There is no cost for qualifying students who are accepted into the program. Whenever possible, Pre-K students will be placed at their zoned school.

Seven WCSD Seniors Win National Merit Scholarships

Congratulations to seven graduating seniors from the Washoe County School District (WCSD) who have won $2,500 scholarships from the National Merit Scholarship Corporation for the 2026-27 school year!

The students were selected after they submitted scholarship applications, an essay, and information about their accomplishments in high school, including awards, leadership positions, and academic achievements.

The names of the WCSD students who won scholarships, their high school, college, and chosen field of study are:

- **Lee R. Hill,** Reno High School: University of Nevada, Reno (Biomedical Engineering)
- **Ronán Lewis,** Reno High School: University of Nevada, Reno (Patent Law)
- **Ethan Mandeville,** Earl Wooster High School: University of Nevada, Reno (Academia)
- **Matthew Telliano,** Robert McQueen High School: University of Nevada, Reno (Mathematics)
- **Michael Terrazas,** Edward C. Reed High School: University of Nevada, Reno (Mechanical Engineering)
- **Andrew Troescher,** Procter R. Hug High School: University of Nevada, Reno (Computer Science)
- **Ashwin Vaidyanathan,** Academy of Arts, Careers and Technology: University of Texas at Dallas (Biology)

Each student who listed the University of Nevada, Reno as their first choice will receive a $20,000 National Merit Scholarship from the university annually for up to four years of study.

Goals and Objectives

Strong Start for Every Child
Every Student, through Grade 3, will experience equitable learning opportunities for success in developmentally appropriate environments.

Student Voice & Advocacy
Every student will have ongoing opportunities to take ownership of their education journey.

Safety & Belonging
Every student will be welcomed, included and valued within a safe and supportive school environment.

Academic Growth & Achievement
Every student will have access to challenging academic programs, meet or exceed standards and achieve at least one year's academic growth annually.

Empowering All Learners for their Future
Every student will graduate with the skills necessary to thrive in a diverse and rapidly evolving world.

Consistent Standards-Aligned Curriculum & Instruction

All students have agency and equitable access to curriculum, assessment and instruction aligned with content standards, implemented consistently across all learning environments

Strong Partnerships Among Families, Community & School

Trust among the family, school and community is nurtured through shared responsibility for student success; proactive and respectful teaming with families; and sustained relationships with the community.

Commitment to Elevating Educators

Teachers, leaders and staff receive timely focused support aligned to their individual growth areas to meet the specific needs of our diverse students.

Culture of Excellence & Accountability

A learning community built on collective responsibility, efficiency and data-informed improvement to ensure optimized systems for teaching, learning and leadership.

District Communication Efforts

Family Engagement Summary: 2025–2026 School Year

In alignment with the Washoe County School District's (WCSD) strategic plan and district promise, the 2025–2026 school year featured strong cross-departmental collaboration among the Title I Department, Family-School Partnerships (FSP), English Language Development (ELD), Native American Culture & Education, and Child & Family Services to implement systemic, equity-centered family engagement initiatives.

The Child and Family Services Department hosted two school-wide family engagement events focused on key developmental domains: Social-Emotional Development and Science, Technology, Engineering, Arts, and Math (S.T.E.A.M.). Early Childhood Family Advocates also facilitated workshops on important topics, including the Nevada Pre-K Content Standards, Frog Street Curriculum, Conscious Discipline, the transition from Pre-K to Kindergarten, and Restorative Practices. These workshops were offered in both English and Spanish and included books, materials, and take-home resources for families. Collectively, these efforts strengthened the connection between home and school while supporting each child's learning and overall development. Title I funded Family and Community Engagement (FACE) liaisons and certified engagement staff at district Title I schools to provide academic support and deliver on the ESEA vision for family partnerships. FACE liaisons partnered with 21st Century Team Up afterschool site coordinators at 15 Title I schools to align family engagement efforts. Events included hands-on STEM activities, multicultural nights, ELA/math nights, art projects, and field trips to the Discovery Museum.

Professional learning was a critical area of focus. Teachers pursuing licensure were supported through an eight-week course on family engagement courses provided by the Northwest Regional Professional Development Program four times during the year. Family Graduation Advocates (FGAs) participated in bi-monthly PLCs focused on topics such as WCSD processes for supporting newcomer families and interpretation and translation services, home school requirements and guidelines, flex credits, support for students without a 506 form on file, Child Protective Services (CPS) procedures and information regarding University of Nevada, Reno (UNR) Native American Waiver. Additional semi-annual training sessions for FACE liaisons, FGAs, Tribal Youth Advocate Specialists, and Student Graduation Advocates included navigating BIG and BIG Insight, Connectedness, mental health, grief and coping, and grounding strategies. The Parent Teacher Home Visit (PTHV) program continued in 44 schools. Staff received professional learning on the connection between home visits, , and implicit bias, with new staff completing a 3-hour introductory training and a 1-hour refresher course. Schools used evaluation data to guide continuous improvement and promote a positive home visit culture. Offered office hours and coaching for school-based PTHV Champions supported ongoing reflective practice and implementation upon request.

The FSP department marked its 15th year of Parent University, offering 167workshops covering transitions to middle school, mental health awareness (e.g., *Acá Entre Nos, social media*), family STEM nights, Restorative practices, IC Parent Portal, college readiness, executive functioning, family Math Nights, and art activities. The Special Education Department, in collaboration with Parent University, delivered workshops on topics such as supporting students with disabilities at home and post-secondary transitions.

Interpretation and Translation Services was added to FSP t during this school year to strengthen equitable access to communication for families. By providing interpretation and translation services in families' home languages, the district reduces language barriers and ensures families can access critical information needed to navigate school systems and actively support their children's education. During the school year, the team supported 1720 interpretations in various languages, including ASL. Spanish is the most requested language, accounting for 92% of the total interpretations. The interpretations took place during Parent-Teacher Conferences, Individualized Education Program (IEP) meetings, school-based meetings, and community events, thereby expanding meaningful family engagement across district programs and services.

The ELD and FSP departments supported newly resettled immigrant and refugee families, including those referred by the Northern Nevada International Center. Services included individual guidance, system navigation, and multilingual workshops. Barriers to participation were addressed through transportation, childcare, and interpretation services.

The district administered the Family Climate Survey in Spring 2026 to gather feedback from families across the system. Additionally, quarterly Central Office Collaboration meetings brought together departments supporting family engagement

—Title I, Early Childhood, Special Education, ELD, and Communications—to align strategies, review national tools, and address district-wide trends and equity gaps.

The Native American Culture & Education Program led family engagement through three federally funded grants: Title VI–Indian Education, the Tribal Youth Community Project (NYCP), and the Native American Language Grant, also known as Young Mustangs–Strong Futures (YMSF). The Title VI grant organized the Parent Advisory Committee to ensure that services reflect community needs. The NYCP grant provided mentoring and culturally responsive events for Native American middle and high school students and their families. The YMSF project emphasized family partnerships in revitalizing the Numu language and supported monthly community events, including intergenerational storytelling, Pow Wows, traditional arts, and land-based activities rooted in cultural heritage. Events were co-created with elders, school staff, and family leaders to ensure community voice and cultural identity remained central.

Through comprehensive, multi-tiered strategies and cross-department collaboration, WCSD has continued to elevate family engagement as a key driver of student success, equity, and inclusive school communities.

Bailey Charter Elementary

Bailey Charter Elementary School values strong communication and partnerships with families in accordance with NRS 385A.070. The school communicates regularly with parents through weekly updates, emails, phone calls, text messages, parent-teacher conferences, and the school website to provide information regarding student progress, school events, and academic expectations. Parents are encouraged to participate in family engagement activities, volunteer opportunities, and school events that support student learning and strengthen collaboration between home and school.

Coral Academy of Science Elementary - North

Parent involvement is crucial for the success of our school. We have monthly Parent Teacher Booster Club (PTBC) meetings which are both in person and members join virtually. Parents are active in the EOP & SIP process. 11.5 % of our parents are considered super-volunteers who regularly volunteer to help with reading groups, set up student folders & bulletin boards, and organize teaching materials. Many other parents volunteer for field trips, family engagement events, and attend assemblies/concerts. Parent Square is used for communication because it translates into over 190 languages. Weekly email communication occurs from every teacher and the Principal through this app.

Coral Academy of Science Elementary - South

At Coral Academy of Science – South Elementary, we value strong partnerships with our families and believe that parent involvement plays a critical role in student success.

We maintain consistent communication with parents through multiple platforms, including ParentSquare, emails, phone calls, and school newsletters. These tools allow us to share important updates, academic expectations, school events, and student progress in a timely and transparent manner.

Parents are actively encouraged to participate in the educational process. We provide regular opportunities such as parent-teacher conferences, school events, academic nights, and classroom activities. Families are also supported in understanding student learning through progress reports, assessment results, and direct communication with teachers and staff.

Our school promotes family engagement through organized groups and committees. The Parent-Teacher Board Committee (PTBC) plays an important role in supporting school initiatives, organizing events, and strengthening the connection between families and the school community. We also encourage parent volunteers to take part in school programs and activities whenever possible.

Overall, Coral Academy of Science – South Elementary is committed to maintaining open communication, encouraging active parent participation, and building a strong school community that supports student growth and success.

Coral Academy of Science Elementary- Northwest

The school is committed to fostering strong partnerships between families and staff through consistent communication and meaningful opportunities for parent involvement.

1. Communication with Parents of Pupils Enrolled in the School

The school utilizes multiple communication platforms to ensure that families receive timely and relevant information regarding student progress, school events, and important announcements. Communication efforts include the use of Infinite Campus, ParentSquare, ClassDojo, email, and telephone calls. These tools provide parents with access to academic information, attendance records, school updates, classroom news, and direct communication with teachers and school staff.

2. Participation of Parents in the Educational Process and School Activities

Parents are encouraged to take an active role in their children's education and the school community. Opportunities for involvement include participation in the Parent-Teacher Booster Club (PTBC), classroom volunteering, assisting with field trips, supporting school-sponsored activities, and participating in fundraising events. These activities strengthen the partnership between home and school while enhancing educational opportunities for students.

3. Parent Organizations and School Advisory Committees

The school maintains active parent organizations and committees that provide families with opportunities to contribute to school

improvement efforts and support student success. The Parent-Teacher Booster Club (PTBC) and the school's parent committee serve as valuable forums for collaboration, communication, and community engagement. Through these organizations, parents are able to provide input, support school initiatives, and participate in activities that benefit the entire school community.

High Desert Montessori

Our school believes that a strong partnership between home and school is vital to student success. Pursuant to NRS 385A.070, the following narrative outlines our comprehensive strategies for maintaining robust communication, fostering active parent participation, and supporting dedicated parent leadership organizations.

1. Communication with the Parents of Pupils Enrolled in the School
To ensure all families stay informed, connected, and engaged, the school utilizes a multi-layered communication strategy that blends real-time updates with deep insights into daily classroom life:

Mass Communication & Urgent Updates: We utilize Blackboard Connect to send immediate voice messages and text alerts regarding school updates, event reminders, and critical announcements.

Academic & Classroom Visibility: Through Transparent Classroom, parents receive direct visibility into their child's learning progression, daily activities, and developmental milestones.

Weekly Continuity: A comprehensive weekly newsletter is distributed to all families, serving as a predictable touchstone for upcoming school-wide events, community highlights, and curriculum focuses.

2. Participation of Parents in the Educational Process and School Activities
We intentionally design opportunities for parents to engage as true partners in both their child's academic journey and the broader school culture:

Academic Partnerships: Formal parent-teacher conferences are held regularly to review student data, celebrate growth, and co-create learning goals between teachers and families.

Parent Education & Empowerment: We host dedicated Parent Education Nights to unpack our curriculum and provide families with practical strategies to support learning at home.

Direct Engagement & Feedback: Administration hosts Open Forums to cultivate an environment of transparency, giving parents a direct platform to ask questions, share feedback, and collaborate on school initiatives.

Campus Volunteerism: Families are welcomed into the school community through multiple volunteer opportunities, ranging from classroom assistance to supporting school-wide events.

3. Existence of Parent Organizations and School Advisory Committees
Parent leadership is a cornerstone of our school's community development and governance support structures:

Parent Teacher Organization (PTO): Our active PTO meets monthly to collaborate on school enhancements, plan community-building initiatives, and bridge the gap between home and school.

Community & Resource Cultivation: The PTO actively organizes crucial school fundraisers to enhance educational resources and hosts regular family social nights to strengthen the bonds among our school's families.

Mariposa Language and Learning Academy

Mariposa Academy fosters a strong school-home connection through consistent bilingual communication, including newsletters, digital platforms, and direct outreach to ensure all families stay informed. Parents are actively integrated into the educational process by participating in classroom activities, parent/teacher conferences 2 times per year, and school-wide events that connect home and the classroom. Our collaborative environment is further strengthened by annual feedback surveys and a parent representative on our governing board.

Sierra Nevada Academy Charter School

SNACS employs a variety of parent engagement and involvement strategies. School wide communication is managed by Class Dojo and Blackboard messaging. Blackboard is used for phone calls, emails, and text messaging in the event of any emergencies or school closures. Throughout the year SNACS hosts several parent involvement nights such as seasonal festivals, literacy events hosted by the Northern Nevada Literacy Council, STEM nights, and an Art Gallery Night. In SY 25-26 SNACS also hosted Family Learning Series where parents are educated about test data, chronic absenteeism, and other academic topics; this took place during the first semester and all attending families were gifted kits of academic materials to use at home. Parents are involved in the development of the school improvement plan, emergency operations plan, grant participation, and community outreach. Parents are also welcome to volunteer with school operations, facilities needs, or in their student's classroom.

Coral Academy of Science Middle School

1. Communication with Parents
Coral Academy maintains ongoing communication with families through multiple platforms, including Gmail (email communication), ParentSquare, school messaging systems, newsletters, and the school website. Teachers and staff provide regular updates on student progress, academic expectations, and school events. Parent-teacher conferences, progress reports, and direct outreach ensure that families are informed and able to support their child's education.

2. Parent Participation in the Educational Process
Parents are encouraged to take an active role in their child's education through participation in conferences, open houses, and school-wide events such as the STEAM Expo, Fall Harvest events, and School Performance Plan presentations. These opportunities allow families to engage directly with instructional programs, student learning outcomes, and school goals. Additional curriculum nights, informational workshops, and academic support events further promote collaboration between home and school.

3. Parent Organizations and Advisory Committees
Coral Academy of Science Middle School supports parent involvement through a Parent Teacher Booster Club (PTBC). In addition, the School Performance Plan (SPP) is supported through the School Organizational Team (SOT),to provide advisory input on school budgets, staffing, and improvement plans. The SOT includes parent and staff representation and serves as a collaborative body that supports school-level decision-making and continuous improvement efforts.

Academy For Career Education

The Academy for Career Education (ACE High School) recognizes parents and guardians as essential partners in student achievement, college and career readiness, and successful postsecondary transitions. In compliance with Nevada Revised Statutes (NRS) 385A.070 and 385A.320, ACE High School implements structured strategies to ensure effective communication, meaningful family engagement, and parent participation in school-level decision-making.
1. Communication With Parents and Guardians (once a student is accepted for enrollment)
ACE High School prioritizes consistent, accessible, and timely communication with families to support student success in its career-focused, choice-based learning environment. Communication methods include:
• Regular schoolwide communication through Infinite Campus, newsletters, Finalsite messaging, and the school website;
• Ongoing teacher, counselor, and administrative communication related to academics, attendance, behavior, graduation progress, work-based learning expectations, dual credit coursework through TMCC, and career pathways:
• New student orientation in May;
• Four annual Parent Connection Nights focused on:
o Graduation requirements
o 12th-grade postsecondary education and career transitions
o TMCC Scholarship and Financial Aid Workshop
o ACT preparation and bootcamp opportunities
o TMCC Middle College and dual enrollment options
o Good news messages about Student of the Month, ACT awards, and SkillsUSA
• Scheduled conferences for students with IEPs, 504 Plans, behavioral incidents, or who require additional academic or social-emotional support;
• Language access services, including Spanish interpretation as needed, to ensure equitable access for all families.
2. Meaningful Parent and Family Participation
ACE High School actively promotes parent participation in activities that support engagement, graduation readiness, and Career and Technical Education (CTE) development, including:
• Two to three annual Open House events for prospective students and families, advertised to WCSD 8th-grade students;
• Enrollment by parent and student choice, as ACE High School is not a zoned school;
• Ongoing administrative communication regarding graduation planning, course scheduling, and dual enrollment opportunities through TMCC;
• Parents are invited to Middle College Parent Connection Event
• Parents are notified when 9th graders make CTE choices and encouraged to discuss those choices with students;
• Parent participation in WCSD parent engagement surveys, with results reviewed and used to inform the School Improvement Plan.
3. Parent Leadership and Advisory Involvement
ACE High School provides parents with structured opportunities for leadership and advisory input, including:
• Parent representation on the ACE High School Governing Board;
• Parent participation on the Emergency Operations Plan (EOP) Committee, providing review and feedback prior to NDE submission;
• Parent membership on the School Improvement Plan Committee, contributing to academic goals and schoolwide planning;
• Participation in the SkillsUSA Parent Advisory Group, supporting CTSO activities and state and national competition preparation.

Coral Academy of Science High School

1. Communication with Parents of Pupils Enrolled in the School

Coral Academy of Science High School maintains regular and transparent communication with families through ParentSquare, StudentSquare, email, phone calls, social media, and the school website. Parents have access to student grades, attendance, assignments, and academic progress through Infinite Campus. Families also receive quarterly newsletters produced by high school students, along with regular updates from teachers, counselors, and administrators regarding academic programs, college and career readiness activities, extracurricular opportunities, and important school events.

2. Participation of Parents in the Educational Process and School Activities

Coral Academy High School encourages parents to actively participate in their students' educational experience by attending parent-teacher conferences, curriculum nights, college and career planning events, student exhibitions, performances, athletic competitions, club activities, graduation ceremonies, and other school-sponsored programs. Parents are encouraged to monitor student progress through Infinite Campus and collaborate with teachers, counselors, and administrators to support academic achievement, college readiness, and personal growth.

3. Parent Organizations and School Advisory Committees

Coral Academy High School provides opportunities for parents to engage in school improvement efforts through volunteer activities, parent organizations, advisory committees, and public Governing Board meetings. Parents support student programs, school events, fundraising initiatives, and college and career readiness activities while providing valuable feedback through surveys, meetings, and community forums. Parent input is an important component of the school's continuous improvement process and helps strengthen the educational experience for all students.

Through these communication and engagement efforts, Coral Academy of Science High School fosters strong partnerships between families and the school community to support student success, college and career readiness, and lifelong learning.

enCompass

Encompass Academy prioritizes consistent, transparent, and accessible communication with families to ensure parents remain informed, engaged, and connected to the educational experience of their students. Communication is designed to support strong family-school partnerships while ensuring that parents have regular access to information related to academic progress, attendance, behavior, school events, and student supports.

Families receive communication through multiple channels to ensure accessibility and timely outreach. These methods include email communication through PowerSchool and Google Workspace, text messaging, phone calls, mailed notices when necessary, social media updates, the school website, and in-person meetings. Parent communication is frequently provided in both English and Spanish to support the needs of the school community.

Parents are regularly informed about student attendance, grades, academic progress, behavior concerns, and credit attainment. Staff members, including teachers, counselors, and administration, maintain ongoing communication with families to address concerns, celebrate achievements, and provide intervention supports when needed. Progress reports, report cards, attendance letters, intervention notices, and individualized graduation planning discussions are used to keep parents actively informed.

Encompass Academy also provides communication regarding schoolwide initiatives, safety procedures, extracurricular opportunities, enrichment activities, college and career readiness programs, and community resources. Monthly parent newsletters, social media updates, and family emails provide ongoing updates about upcoming events, deadlines, student opportunities, and important reminders.

The school encourages direct parent communication with staff and provides families with access to counselors, administrators, and teachers to discuss student needs. Parent conferences, phone consultations, and meetings are offered as needed to support student success and strengthen relationships between home and school.

Encompass Academy believes that parent involvement is a critical component of student achievement and school success. Families are encouraged to participate in the educational process through regular communication with teachers, attendance at meetings, involvement in school events, and collaboration on student goals.

Parents participate in the educational process by engaging in academic planning meetings, graduation pathway discussions, attendance intervention meetings, Individualized Education Program (IEP) meetings, and restorative conversations when appropriate. Families are viewed as partners in supporting student achievement, behavior, attendance, and social-emotional growth.

The school provides opportunities for parent participation through events such as family information nights, athletics meetings, athletic events, orientation sessions, open house events, cultural celebrations, performances, exhibitions, and school community gatherings. Families are invited to attend student showcases, enrichment events, assemblies, and extracurricular activities that promote school engagement and strengthen school culture.

Encompass Academy also works collaboratively with community partners to provide additional opportunities for family involvement. Through partnerships with organizations such as the Boys & Girls Club of Truckee Meadows, Project 150 Reno, and other community agencies, families receive access to resources, support services, and school-connected events that strengthen engagement beyond the classroom.

Parents are encouraged to contribute feedback through surveys, needs assessments, meetings, and informal conversations. Family input is used to guide school improvement planning, evaluate school climate and culture, and identify opportunities to improve communication and student support systems.

Discipline

The Office of Academics provides leadership for a unified approach to foster climate and student engagement. An engaging climate, which optimizes learning, is one in which students, families, and staff share a sense of belongingness, are inclusive, and in which equitable practices and collaboration prevail. It also requires cross-office collaboration with the Office of Student and Family Supports and the Office of Accountability.

The WCSD continues to examine student behavior, school climate, and safety data with a focus on Safe and Respectful Learning Environments. All schools participate in climate and safety surveys annually, which include the results of parents, students, and staff. Reports are issued to all schools with opportunities to interpret information. Cyclical monitoring is spent with schools examining discipline outcomes and disproportionality. Further, schools are encouraged to collaborate with their Student Advisory Councils to review survey data and share ideas for change.

To support students and families, our office relies on a Multi-Tiered System of Supports framework. All practices, strategies, and interventions that support attendance, student behavior, mental health, and academic performance are tied to the MTSS framework. Additionally, annually, each school's discipline team reviews the district behavior manual with the entire school staff before it is formally adopted by our Board of Trustees. Finally, to support more than 60,000 students attending more than 100 schools, we rely on partnerships with families and community agencies and organizations to fulfill our mission.

Department of Civil Rights Compliance
The Department of Civil Rights Compliance (DoCRC) has the following responsibilities:

- Ensure that District staff follow Board Policies, Administrative Regulations, and Procedures to ensure a safe and respectful school environment for all students and staff
- Provide training and guidance to school administrators and other District staff on bullying investigations and procedures.
- Respond on behalf of the District to complaints filed with the Nevada Department of Education and the Office of Civil Rights related to bullying investigations or civil rights matters

As an ongoing practice, the WCSD engages in providing a Behavioral Matrix, which also serves as the WCSD's Progressive Discipline Plan. This document is designed to support administrators in providing consistency in disciplinary consequences. This document is reviewed and revised by a multi-disciplinary team, and all administrators have the opportunity to receive training on the Behavioral Matrix on an annual basis.

Access to Menstrual Products

The Washoe County School District (WCSD) remains committed to supporting student health and well-being by ensuring free menstrual products are available to students at all middle and high schools in compliance with NRS 386.900. Menstrual product dispensers continue to be maintained where possible in student restrooms throughout the district, and students may also access products through the school nurse, physical education staff, or other designated school personnel as needed. Schools regularly monitor product inventory and dispenser functionality to help ensure consistent availability and timely replenishment of supplies. District and site staff continue to address operational challenges and maintain effective access procedures that support safe, respectful, and discreet access of menstrual products. In addition, menstrual health education remains integrated into the district's health curriculum to promote student awareness and reduce stigma. Through these ongoing efforts, WCSD ensures students have reliable access to menstrual products.

WCSD Sponsored Charter School Statements:

Academy For Career Education -

ACE High School provides menstrual products to students at no cost. Menstrual products are available in a discreetly located cabinet within a female restroom to support student privacy and accessibility. Students are informed of the availability of these products at the beginning of the school year. Students who have questions regarding access or location of the products are encouraged to speak with a female administrator, who can provide additional assistance or information as needed.

enCompass Academy -

Encompass Academy is committed to ensuring that students have access to menstrual products in a way that is respectful, supportive, and accessible. Students are informed that they may speak directly with school administration to access menstrual products when needed. Staff members work to create a supportive environment in which students feel comfortable requesting assistance, and information about available access is regularly shared informally through teachers, counselors, administrators, and peer communication.Teachers and staff help reinforce awareness by reminding students that menstrual products are available upon request, helping to reduce barriers and ensure students can remain focused on learning throughout the school day. Students also share this information with one another, contributing to a school culture where access to basic hygiene needs is normalized and supported.Encompass Academy also maintains a strong partnership with Project 150 Reno, located adjacent to the school campus. Students are regularly informed about the resources available through Project 150, including access to menstrual products and additional hygiene supplies. Students may visit Project 150 during operating hours to obtain menstrual products at no cost.Through these combined efforts, Encompass Academy seeks to ensure that students have reliable access to menstrual products while promoting dignity, wellness, and uninterrupted participation in the educational environment.

Coral Academy High School -

In accordance with NRS 386.900, Coral Academy of Science High School provides students with access to menstrual hygiene products during the school day. Students may obtain menstrual products at the front office and the school clinic as needed.The school maintains supplies of these products to support student health, wellness, and dignity, ensuring that students have access to necessary resources without disruption to their educational experience. School staff monitor inventory and replenish supplies regularly to meet student needs.

Coral Academy Middle School -

Coral Academy Middle School provides access to menstrual products for all students in grades 6–8. Products are available through the school clinic and may be requested by students during the school day as needed. Clinic staff ensure that supplies are distributed in a discreet and student-centered manner that protects privacy and reduces barriers to access. This system ensures that students have consistent and equitable access to menstrual products in support of attendance, health, and overall school participation.

High Desert Montessori -

In alignment with NRS 386.900, our school ensures that students attending our middle school program have barrier-free, reliable access to essential menstrual products.

Implementation and Access Model
True to our Montessori philosophy of fostering student agency and community stewardship, this initiative was adopted and executed by our middle school students as a community improvement project.

Location & Availability: High-quality menstrual products are provided entirely free of charge and are stationed directly within the women's restroom located on the middle school floor.

Inventory & Maintenance: To ensure continuous access without disruption, the inventory is actively monitored and refilled on an as-needed basis through a collaboration between student leaders and school operations.

By placing these products directly in the restroom without requiring students to request them from the front office or health room, we protect student dignity, minimize time out of the classroom, and support a healthy, equitable learning environment.

Sierra Nevada Academy Charter -

SNACS provides free and easy to access menstrual products for any student who might require them. A stock of Pads, Tampons, and flushable wipes, is kept in a discreet and easy to access location in the health office. SNACS also operates a "clothes closet" for students who might need a change of clothing for any reason to borrow from

Bailey Charter Elementary School -

Bailey Charter Elementary School ensures that student health, wellness, and dignity are supported by maintaining access to feminine hygiene products for students when needed. While Bailey Charter ES serves elementary-grade students, the school recognizes the importance of being prepared to support student needs and provides menstrual products in designated school health or administrative areas upon request.This practice aligns with the school’s commitment to maintaining a safe, supportive, and respectful learning environment for all students and ensuring that basic health and personal care needs are met in a discreet and appropriate manner.

.

Technology

Annual Technology Report Card Narrative – 2026

Washoe County School District ensures the effective incorporation of educational technology through strategic planning, equitable resourcing, governance, and ongoing evaluation aligned to the District’s Strategic Plan. The Office of Information Technology (IT) maintains a funded, sustainable device refresh model that annually replenishes student laptops and iPads, ensuring all students have equitable access to modern tools that support curriculum delivery, research, and assessment. Technology decisions are made collaboratively with the Office of Academics to ensure alignment with teaching and learning goals, developmental appropriateness, and instructional impact.

The District evaluates and governs all Digital Learning Tools through a formal review process to ensure software meets curricular objectives, complies with student data privacy requirements, and can be safely used by students. IT also provisions and maintains a secure, reliable technology infrastructure, including districtwide identity management, student technology accounts, single sign-on access to approved instructional tools, and a guest Wi-Fi network available in every District facility. These foundational services enable consistent, secure access to digital resources across schools.

Success is evaluated using multiple measures, including device availability and uptime, network reliability, service request trends, school leader and staff feedback, and successful compliance with security and privacy standards. Direct engagement with principals and school leaders through site visits and collaborative discussions further informs continuous improvement. Together, these steps ensure that educational technology is implemented intentionally, equitably, securely, and in direct support of student learning outcomes.

Curriculum Details

It is the promise of the Washoe County School District to know every student by name, strength, and need so they graduate prepared for the future they choose, and we will deliver on this promise with our families and community.

The mission of the Curriculum, Instruction and Assessment Department:

Through a collective commitment, we build structures so that all students achieve measurable academic growth through innovative standards-aligned learning opportunities and high-quality instructional practices.

We do this by:

- developing and implementing rigorous, relevant curriculum,
- creating instructional resources & materials,
- managing instructional programs, initiatives, and projects,
- managing and supporting formative and summative assessments,
- facilitating literacy and community engagement by leading school library and media programs,
- communicating and collaborating with internal and external stakeholders, and
- developing professional learning that honors teachers and provides content expertise to the District.

To accomplish that mission, the District has adopted the Nevada Academic Content Standards (NVACS), which include:

- Mathematics based on the Common Core State Standards
- English language arts based on the Common Core State Standards
- Science based on the Next Generation Science Standards
- World Language based on the National Standards for Foreign Language Education
- All other subject areas - Nevada specific academic standards

These Standards are the basis for the District's classroom instruction.?Student mastery of the academic standards is inextricably linked to the achievement of the Goals and Pillars as detailed in our 2023-2026 Strategic Plan and elsewhere in this accountability report.?Nevada's academic standards can be located online at the Nevada Department of Education website https://doe.nv.gov/offices/office-of-teaching-and-learning.

The Curriculum & Instruction Department has created Family Curriculum Guides for grades K-8. They can be found at this website in English and Spanish: https://www.washoeschools.net/Page/20504

Additionally, information for families can be found on the National PTA website at: https://www.pta.org/home/family-resources/Parents-Guides-to-Student-Success

The Curriculum & Instruction Department can provide grade level and content area support.?Please see the staff member list: Staff Directory - Washoe County School District

In addition, to the above links, relevant curriculum information is provided about other academic programs and curriculum opportunities available in the District, including Advanced Placement, Gifted and Talented Program, High School Signature Academies, Career & Technical Education, International Baccalaureate, The Davidson Academy, Adult Education, and North Star Online School.? This information can be found at: http://www.washoeschools.net//site/Default.aspx?PageID=638

In addition to the core curriculum, the Curriculum, Instruction and Assessment Department coordinates:

WCSD arts events include music festivals, honor groups, arts festivals, and community arts partnerships, and act as a liaison with community fine arts groups and businesses to develop partnerships.? More information on the fine arts program can be found at: https://www.washoeschools.net/Page/1056

S.H.A.R.E. (Sex Health and Responsibility Education) program provides students with a factual comprehensive, abstinence-based instructional program delivered by specially trained teachers and counselors addressing HIV/AIDS awareness, reproductive system, Sexually Transmitted Infections (STIs), and sexual responsibility.?? More information can be found at:?http://www.washoeschools.net/Domain/483

Library Services provides district leadership for school libraries at all levels and develops policies and procedures to standardize and improve library media programs as well as connect school libraries with community libraries and regional literacy efforts.? More information can be found at: http://www.washoeschools.net/Domain/254

Assessment is an integral part of the work we do in our department. This support around both formative and summative assessment ensures a complete instructional cycle where learning and growth are at the forefront of teaching and learning. More information can be found at:
Assessment Home

Bailey Charter School

Bailey Charter Elementary School utilizes a standards-based curriculum aligned with the Nevada Academic Content Standards to support high levels of student achievement. The school implements Magnetic Reading Foundations and Magnetic Reading as core literacy programs to provide systematic, research-based instruction in foundational reading skills, fluency, vocabulary, and comprehension. In mathematics, Bailey Charter ES uses i-Ready Math by Curriculum Associates to deliver rigorous instruction, personalized learning pathways, and data-driven support aligned to grade-level standards.

Bailey Charter ES utilizes intervention programs and data-driven instructional supports, including the i-Ready Tools for Instruction resource. Teachers use diagnostic and progress-monitoring data to identify learning gaps and provide targeted small-group interventions in reading and mathematics. Tools for Instruction lessons are used to reinforce foundational skills, provide differentiated support, and address individual student learning needs through scaffolded instruction and practice opportunities. Specialized programs and intervention services are provided to ensure all students have equitable access to academic success and growth.

Coral Academey of Science Elementary - North

CAS-North Elementary implements the following curriculums for K-5: Project Tahoe for SS, Amplify Science for Science, CKLA for ELA, Envisions for Math. We supplement Tier 1 instruction with iReady in both reading & math, Mystery Science in Science, Scholastic magazines in Social Studies, and Brain Pop in all subjects. Each curriculum, except Project Tahoe, has remedial lessons to support diffentiation and scaffolding in the class setting. We also utilize iReady Diagnostics & NWEA MAP benchmark scores to determine T2 & T3 intervention in our MTSS process. Student grades and parent concerns are also factors for MTSS. iReady is the digital curriculum used for T2 in both math & reading. And Drops in the Bucket along with hands on counting and UFLI are used in T3 interventions. Our Special Education students learn reading with the SIPPS reading program and Envisions interventions with hands-on manipulatives practices.

Coral Academey of Science Elementary - South

Coral Academy of Science South Elementary utilizes a comprehensive standards-based curriculum aligned with the Nevada Academic Content Standards. Core instructional programs include HMH Into Reading for English Language Arts, Savvas enVision Mathematics for mathematics instruction, and Nancy Larson Science for science education. Social Studies instruction is aligned with Nevada state standards and incorporates grade-level resources designed to support student understanding of history, geography, civics, and economics.

The school provides additional academic support through intervention programs, differentiated instruction, small-group learning opportunities, and progress-monitoring assessments. Students receive supplemental support through Multi-Tiered Systems of Support (MTSS), English Learner (EL) services, and Special Education services designed to address individual learning needs.

English Learners receive targeted language development instruction aligned with the WIDA English Language Development Standards. EL teachers collaborate with classroom teachers to support students' academic language acquisition, reading, writing, listening, and speaking skills while ensuring access to grade-level content.

To further support student achievement, the school utilizes several supplemental educational programs, including Lexia for literacy development, Accelerated Reader (AR) and Renaissance STAR assessments to support reading growth and monitor student progress, and Khan Academy and Freckle to strengthen foundational mathematics skills and provide personalized learning opportunities.

Coral Academy of Science South Elementary is also committed to supporting the social-emotional growth of students. The school provides mentoring and social-emotional learning opportunities through classroom lessons, small-group sessions, and student support programs. Teachers deliver regular social-emotional learning lessons, while the school mentor works with students individually and in groups to reinforce positive character traits, school values, responsible decision-making, and healthy peer relationships.

In addition to core academic instruction, students participate in a variety of enrichment (CAMP) classes, including Computer Science, Art, Music, Physical Education, and Social-Emotional Learning. These programs provide students with opportunities to develop creativity, technology skills, physical wellness, collaboration, and leadership skills while supporting the development of the whole child.

The school integrates technology resources, enrichment opportunities, and character education initiatives to prepare students for future academic and personal success.

Coral Academy of Science Elementary - Northwest

Math: enVision® Mathematics
Science: Nancy Larson
ELA Reading: HMH Into Reading
Social Studies: Scholastic News

Extra Curriculum & Digital Program (programs)
ELA: Lexia and Learning A-Z- Raz Kids
Math: i-Ready
BrainPop Jr. Subscription: Science, social studies, math, and the arts
Learning A-Z Subscription

MTSS: i-Ready and Lexia
SPED: SIPP
ELL: Instruction is tailored according to WIDA test results for each child.
ELL (English Language Learners)
Programs Offered:
Pull-out sessions with ELL specialists focusing on reading, writing, and oral language development.
Adaptive software platforms, such as Lexia, to personalize learning.

Schedule Highlights:
Small-group or individual sessions based on proficiency level.
Collaboration with classroom teachers to integrate language goals into the core curriculum.
Monitoring: Progress tracking via standardized tests, such as WIDA, and regular teacher observations.

MTSS (Multi-Tiered System of Supports)
Framework:
Tier 1: Universal interventions for all students, including differentiated instruction and formative assessments.
Tier 2: Targeted group interventions, such as skill-specific small group instruction.
Tier 3: Intensive, individualized support provided in collaboration with SPED and other specialists.
Implementation Tools: Lexia and Freckle for both ELA and Math.
Monitoring: Progress monitoring reports, team meetings to discuss student growth, and re-evaluation every six weeks.

SPED (Special Education)
Focus Areas:
Compliance with IEP goals.
Inclusive classroom strategies, co-teaching models, and individualized supports.
Professional development for staff on differentiation and behavioral strategies.
Key Activities:
Regularly scheduled check-ins with SPED team and classroom teachers.
Use of data from MAP, SBAC, and other assessments to track progress.
Monitoring: Weekly logs by SPED specialists, parent-teacher communication, and adherence to district and state guidelines.
Monitoring Strategies
Data Collection: Use of Infinite Campus for attendance, progress tracking, and assessment scores.
Reporting: Quarterly reports to parents and regular updates during staff meetings.
Evaluation: Feedback loops including surveys, focus groups, and data-driven adjustments

High Desert Montessori

Curriculum and Framework Alignment
Our school is deeply rooted in Montessori practice and pedagogy, focusing on child-centered, hands-on learning that fosters independence, critical thinking, and a lifelong love for exploration. We are fully committed to a thoughtful marriage between this foundational Montessori philosophy and the Nevada Academic Content Standards (NVACS), ensuring our students receive a holistic education that meets or exceeds state benchmarks.

To further solidify this alignment, we are currently collaborating with The California Montessori Project to develop a comprehensive, integrated scope and sequence. This alignment mapping ensures our specialized Montessori curriculum seamlessly delivers the specific requirements of the NVACS Common Core and the Next Generation Science Standards (NGSS) across all grade levels.

Remedial, Specialized, and Support Programs
To support diverse learners, promote equity, and ensure every student reaches their academic potential, the school deploys data-driven remediation and targeted intervention programs:

Universal Progress Monitoring: We utilize i-Ready as our primary diagnostic and progress monitoring tool. This platform allows educators to identify individual learning gaps in real time, track growth metrics, and tailor instruction to student needs.

Targeted Literacy Support: Foundation reading skills are systematically reinforced using the Heggerty phonemic awareness curriculum alongside Lexia, a technology-based program providing personalized, adaptive literacy paths for remediation and enrichment.

English Language Learner (ELL) Support: We leverage ELLevation to effectively track, manage, and optimize instruction for our English language learners, ensuring they have full equitable access to both the Montessori environment and state standards.

Mariposa Language and Learning Academy

Ready Reading for ELA/Science/SS
Eureka Math for Math
UFLI for Phonics
Project Lead the Way for SS
Mystery Science for Science

Sierra Nevada Charter School

Savvas ELA
For English Language Arts and writing, SNACS uses Savvas Three Cheers for Preschool for 3- and 4- yearold programs, myView Literacy for grades K-5
th, and myPerspectives English Language Arts for grades
6th-8th. Savvas provides a comprehensive program all grade levels promoting, English Language Arts including literacy, reading, writing, vocabulary, and speaking.

Achievement First
SNACS uses the Achievement First math curriculum for grades 6-8. The Achievement First curriculum uses
a math workshop model, including math stations and small group interventions. It aligns with SNACS' mission and model to provide for personalized learning through choice, play, and exploration.

Bridges Math
SNACS uses Bridges Math curriculum for grades K-5. The Bridges Math curriculum uses a number talk and workshop model along with small group activities that aligns with SNACS' mission and model to provide personalized learning through choice, play, and exploration.

Project Lead the Way
SNACS uses the Project Lead the Way Launch (PLTW) science curriculum for grades K-5 th. PLTW Launch was selected because it is a full research-backed STEM curriculum and SNACS robotics program. It aligns with SNACS' mission and model to provide for personalized learning through choice, play, and exploration. The research on the effectiveness of PLTW Launch shows it helps improve academic achievement, develops critical thinking skills, and increases student motivation. All three areas provide the opportunity for increased academic achievement of our students in all subject areas and transferable skills to help students' overall success.

Open Scied
OpenScied for grades 6th-8th. OpenScied was selected for grades 6th-8th because it is a high-quality curriculum for science, as recognized by NexGenScience. It aligns with SNACS' mission and model to provide for personalized learning through choice, play, and exploration. It is the only curriculum at the time of adoption that received an NGSS design badge for all its units in these grade levels. The NGSS design badge is given to instructional materials reviewed by NextGenScience or its Science Peer Review Panel and earned the highest mark on the Equip Rubric for Science.

Scholastic
For social studies in grades K-3, SNACS uses Scholastic. The Scholastic News program connects science and social studies to various topics in alignment with the NVACS Social Studies standards. It aligns with SNACS' mission and model to provide for personalized learning through choice, play, and exploration. Scholastic also supports developing background knowledge and strong vocabulary, which aligns with our students' needs for vocabulary support. Based on our iReady data from the final diagnostic for the 2023- 24 school year, most of our students in grades K-3 were below grade level in vocabulary.

DBQs
For social studies in grades 4-8, SNACS uses DBQs, components of the Core Knowledge curriculum, Living History Days, and planned thematic units to ensure students connect to the Nevada Social Studies Standards. It aligns with SNACS' mission and model to provide for personalized learning through choice, play, and exploration. DBQs were selected because of the cross-curricular supports embedded in that instructional tool. DBQs support our students' need for additional growth in vocabulary, reading comprehension, informational text analysis, and writing.

Coral Academy of Science Middle School

Coral Academy of Science Middle School utilizes a range of standards-aligned instructional programs to support student learning across content areas. These include:

enVision Mathematics – Mathematics
Houghton Mifflin Harcourt (HMH) – English Language Arts and core content
OpenSciEd – Science
National Geographic Learning – Social Studies
i-Ready is used for Reading and Mathematics intervention and support, and also serves as a universal screener for assessing all middle school students.
Lexia – Literacy development and intervention

Each program is aligned to Nevada Academic Content Standards and is implemented to support core instruction, as well as remedial and targeted intervention services based on individual student needs.

Academy For Career Education

ACE High School (ACE HS) aligns all academic instruction with the Nevada Academic Content Standards (NVACS) in Computer Science, English Language Arts, Health, Mathematics, Science, and Social Studies. The school also follows the Nevada CTE Construction Technology Content and Employability Standards for its construction courses. In addition, ACE HS offers dual credit courses (architecture, diesel, machining and manufacturing, and welding) taught by TMCC instructors using standards developed and adopted by the Nevada System of Higher Education (NSHE).
ACE HS provides IEP, 504 Plan, and ELAD services to all qualifying students, with accommodations primarily delivered in general education classrooms or small-group settings. A designated fourth-period intervention block offers additional one-on-one and small-group academic support for struggling students. For students requiring credit recovery, ACE HS uses NDE-approved SchoolsPLP, with coursework completed on campus during the school day, with content area teacher support and administration monitoring.

ACE HS maintains a comprehensive curriculum map for each high school course. Each curriculum map includes:
- Alignment to the NVACS, by week
- A clearly defined scope and sequence based on the school's quarter system
- Instructional resources, including textbooks, classroom materials, readings, laboratory materials, and supplemental instructional tools
- Assessments used to measure student learning, such as quizzes, unit assessments, exams, and final exams
- CTE Assessments, ACT Exam, NV Science Exam, and the 12th grade NV Civics Exam

Coral Academy of Science High School

Coral Academy of Science High School provides a rigorous, college- and career-focused curriculum aligned with the Nevada

Academic Content Standards. Students have access to a full range of core academic courses, electives, and advanced learning opportunities, including College Board Pre-AP and AP courses, University of Nevada, Reno (UNR) dual-credit courses, and Project Lead The Way (PLTW) pathways in Biomedical Science, Engineering, and Computer Science.

To support student success, the school offers weekly teacher-led tutoring sessions that are available to all students for additional academic assistance and enrichment. Students who need to recover credits may also participate in the school's two-week summer school program.

Coral Academy's curriculum and instructional program are reviewed annually through a curriculum audit conducted by the Washoe County School District Secondary Curriculum Department to ensure alignment with state standards and continuous improvement.

Through these programs and supports, Coral Academy prepares students for college, careers, and lifelong learning while addressing the academic needs of all students.

enCompass

Encompass Academy utilizes a standards-based curriculum aligned to the Nevada Academic Content Standards to ensure students receive instruction that supports academic growth, graduation readiness, and preparation for postsecondary opportunities. Curriculum is designed to meet the needs of a diverse student population through rigorous instruction, personalized pathways, intervention supports, and enrichment opportunities.

As a public charter high school serving grades 9–12, Encompass Academy offers instruction in core academic areas including English Language Arts, Mathematics, Science, Social Studies, and electives. Courses are designed to meet Nevada graduation requirements while providing flexibility to support students’ individual academic goals, credit attainment needs, and career interests.

Curriculum is developed and implemented using a combination of district-approved resources, teacher-created instructional materials, digital learning tools, and supplemental curriculum aligned to state standards. Teachers utilize curriculum frameworks, pacing guides, unit plans, and lesson planning structures to ensure consistency and alignment across content areas. Curriculum planning includes the use of standards unpacking, learning targets, checks for understanding, formative assessments, and opportunities for reteaching.

Demographics and Student Information

Data are provided by the Nevada Department of Education from the state student information system. Gender, race/ethnicity, and special student populations are reported as of validation day.

Gender and Ethnicity

No Data Available

Data as of Validation Day

'-' indicates data not presented for groups fewer than 10 in order to protect the student privacy under FERPA.

'N/A' indicates that this population was not present.

'*' indicates that the data was not available.

| means these schools are CEP or Provision 2 Schools and officials do not track who eats breakfast or lunch.

Adult Education is not included in the totals.

The USDA extended flexibility to allow free meals to all children for the 2020-21 school year in response to the COVID 19 pandemic.

FRB Eligible and FRB/FRL Receivers are no longer required to be reported starting with 2023-2024.

Special Populations

No Data Available

Data as of Validation Day

'-' indicates data not presented for groups fewer than 10 in order to protect the student privacy under FERPA.

'N/A' indicates that this population was not present.

'*' indicates that the data was not available.

IEP= Students with disabilities

EL= Students who are English Learners

FRL= Students qualifying for Free/Reduced Price Lunch

District totals do not include state or district sponsored charter school data. (2008-Current)

| means these schools are CEP or Provision 2 Schools and officials do not track who eats breakfast or lunch.

Adult Education is not included in the totals.

The USDA extended flexibility to allow free meals to all children for the 2020-21 school year in response to the COVID 19 pandemic.

Continuously enrolled tracks English Leaner enrollment from the beginning of the school year (validation day count) to the end of the school year.

FRB Eligible and FRB/FRL Receivers are no longer required to be reported starting with 2023-2024.

Student Average Daily Attendance (ADA)

Student Average Daily Attendance (ADA) is the percentage of the school enrollment in attendance on an "average school day" as of the 100th day of school.

Data as of: End of school year

'-' indicates data not presented for groups fewer than 10 in order to protect the student privacy under FERPA.

'N/A' indicates that this population was not present.

'*' indicates that the data was not available.

Discipline and Transiency incidents are reported at the school where the action occurred.

Users should note that this data may have been affected by the early closure of school facilities in spring of 2019-20 due to the COVID 19 pandemic. Consequently, results for 2019-20 may not be comparable to previous years.

The USDA extended flexibility to allow free meals to all children for the 2020-21 school year in response to the COVID 19 pandemic.

PY = reported for prior school year

FRB Eligible and FRB/FRL Receivers are no longer required to be reported starting with 2023-2024.

NSHE discontinued remedial courses beginning in Fall 2021 due to a policy and legislative change. As a result, the data currently displayed on the portal under the “Remedial Report” starting with Accountability Year 2021-2022 will show as Not Applicable or N/A

**The purpose of some alternative programs is to enroll students for a short period of time until they can reenroll in a comprehensive school; therefore, transiency rates may be greater than 100% or N/A. Data reported as of the end of the school year.

Data as of: Count Day

'-' indicates data not presented for groups fewer than 10 in order to protect the student privacy under FERPA.

'N/A' indicates that this population was not present.

'*' indicates that the data was not available.

Because of the changes in law (NAC 387.659) in 2009-2010 that affected the way credit deficient students are identified, results prior to this date and post this date cannot be compared.

Users should note that this data may have been affected by the early closure of school facilities in spring of 2019-20 due to the COVID 19 pandemic. Consequently, results for 2019-20 may not be comparable to previous years.

The USDA extended flexibility to allow free meals to all children for the 2020-21 school year in response to the COVID 19 pandemic.

PY = reported for prior school year

FRB Eligible and FRB/FRL Receivers are no longer required to be reported starting with 2023-2024.

NSHE discontinued remedial courses beginning in Fall 2021 due to a policy and legislative change. As a result, the data currently displayed on the portal under the “Remedial Report” starting with Accountability Year 2021-2022 will show as Not Applicable or N/A

Data as of: Count Day

'-' indicates data not presented for groups fewer than 10 in order to protect the student privacy under FERPA.

'N/A' indicates that this population was not present.

'*' indicates that the data was not available.

District totals do not include state or district sponsored charter school data. (2008-Current)

Because of the changes in law (NAC 387.659) in 2009-2010 that affected the way credit deficient students are identified, results prior to this date and post this date cannot be compared.

Users should note that this data may have been affected by the early closure of school facilities in spring of 2019-20 due to the COVID 19 pandemic. Consequently, results for 2019-20 may not be comparable to previous years.

The USDA extended flexibility to allow free meals to all children for the 2020-21 school year in response to the COVID 19 pandemic.

PY = reported for prior school year

FRB Eligible and FRB/FRL Receivers are no longer required to be reported starting with 2023-2024.

NSHE discontinued remedial courses beginning in Fall 2021 due to a policy and legislative change. As a result, the data currently displayed on the portal under the “Remedial Report” starting with Accountability Year 2021-2022 will show as Not Applicable or N/A

Student/Teacher Ratio

Student/Teacher Ratio is listed for all classes whose students do not rotate to different teachers.

Data as a of: Previous School Year

'-' indicates data not presented for groups fewer than 10 in order to protect the student privacy under FERPA.

'N/A' indicates that this population was not present.

'*' indicates that the data was not available.

Data in grade 9-12 excludes pupils:

who successfully completed HSE assessment,

who are enrolled in approved courses for an adult standard diploma,

withdrew from school to attend another school.

Data is not displayed for a group where enrollment information is missing.

Negative value indicates rate cannot be calculated due to zero enrollment.

FRB Eligible and FRB/FRL Receivers are no longer required to be reported starting with 2023-2024.

'- -' indicates data not presented for groups greater than 10 but suppressed in order to protect the student privacy under FERPA.

Nevada System of Higher Education Remedial Data

Students enrolled in remedial courses within the Nevada System of Higher Education (NSHE) do not reflect all graduates. Some graduates do not attend college or they attend college out of state.

'*' indicates that the data was not available.

Cohort Graduation Rate is lagging data, which means that for 2012-2013 Report Card, data from 2011-2012 school year (class of 2012) is being reflected. Likewise, in the 2011-2012 Report Card, data from 2010-2011 (class of 2011) school year is reflected.

For further explanation on cohort graduation indicators and other terminology, please see the glossary section.

'-' indicates data not presented for groups fewer than 10 in order to protect the student privacy under FERPA.

'N/A' indicates that this population was not present.

'*' indicates that the data was not available.

Adjusted Diploma receivers and HSE Earners are not considered Graduates in the ACGR calculations.

Although Adult Diploma receivers are considered as graduates in Nevada, per the federal regulations they are not considered as graduates in the ACGR calculations starting with the 4-year class of 2021-22.

For further explanation on cohort graduation indicators and other terminology, please see the glossary section.

Cohort graduation rate data is lagging data.

Progress toward meeting long-term goals and measures of interim progress for 4- and 5-year ACGR (per section 1111(h)(1)(C)(vi)) is available

'- -' indicates data not presented for groups greater than 10 but suppressed in order to protect the student privacy under FERPA.

Beginning with the 2016-17 school year, Nevada transitioned away from the High School Proficiency Exam (HSPE) as a graduation requirement. This policy change may contribute to higher 4-year and 5-year Adjusted Cohort Graduation Rates (ACGR) compared to prior years.

Summary of Standards-Based Test Performance

Nevada uses CRT (Criterion Referenced Test with the new NV Standards, also known as the Smarter Balanced) to measure student achievement relative to Nevada's academic standards. For grade specific assessment results and other assessment information, refer to www.nevadareportcard.nv.gov.

ED = Percentage of students performing in the lowest range of achievement (Emergent/Developing)
AS = Percentage of students performing in the "Approaches Standards" range of achievement
MS = Percentage of students performing in the "Meets Standards" range of achievement
ES = Percentage of students performing in the highest range of achievement (Exceeds Standards)

Level 1 = The student has not met the achievement standard and needs substantial improvement to demonstrate the knowledge and skills needed for likely success in entry-level credit-bearing college coursework after high school
Level 2 = The student has nearly met the achievement standard and may require further development to demonstrate the knowledge and skills needed for likely success in entry-level credit-bearing college coursework after high school
Level 3 = The student has met the achievement standard and demonstrates progress toward mastery of the knowledge and skills needed for likely success in entry-level credit-bearing college coursework after high school
Level 4 = The student has exceeded the achievement standard and demonstrates advanced progress toward mastery of the knowledge and skills needed for likely success in entry-level credit-bearing college coursework after high school

Summary of Standards-Based Test Performance

Nevada uses CRT (Criterion Referenced Test with the new NV Standards, also known as the Smarter Balanced) to measure student achievement relative to Nevada's academic standards. For grade specific assessment results and other assessment information, refer to www.nevadareportcard.nv.gov.

ED = Percentage of students performing in the lowest range of achievement (Emergent/Developing)
AS = Percentage of students performing in the "Approaches Standards" range of achievement
MS = Percentage of students performing in the "Meets Standards" range of achievement
ES = Percentage of students performing in the highest range of achievement (Exceeds Standards)

Level 1 = The student has not met the achievement standard and needs substantial improvement to demonstrate the knowledge and skills needed for likely success in entry-level credit-bearing college coursework after high school
Level 2 = The student has nearly met the achievement standard and may require further development to demonstrate the knowledge and skills needed for likely success in entry-level credit-bearing college coursework after high school
Level 3 = The student has met the achievement standard and demonstrates progress toward mastery of the knowledge and skills needed for likely success in entry-level credit-bearing college coursework after high school
Level 4 = The student has exceeded the achievement standard and demonstrates advanced progress toward mastery of the knowledge and skills needed for likely success in entry-level credit-bearing college coursework after high school

Data as of: December 1st

'-' indicates data not presented for groups fewer than 10 in order to protect the student privacy under FERPA.

'N/A' indicates that this population was not present.

'*' indicates that the data was not available.

The USDA extended flexibility to allow free meals to all children for the 2020-21 school year in response to the COVID 19 pandemic.

PY = reported for prior school year

FRB Eligible and FRB/FRL Receivers are no longer required to be reported starting with 2023-2024.

NSHE discontinued remedial courses beginning in Fall 2021 due to a policy and legislative change. As a result, the data currently displayed on the portal under the "Remedial Report" starting with Accountability Year 2021-2022 will show as Not Applicable or N/A

Fiscal Information

Per-Pupil Expenditures 2024-2025

No Data Available

'N/A' indicates that this population was not present.

'*' indicates that the data was not available.

Schools only showing up with $0 are new and data was not collected for prior year.

NDE in consultation with In$ite adjusted formula used to calculate per pupil expenditures with the Annual Reports of Accountability, rendering comparisons between the year and past years data.

Personnel Information

Classes Not Taught by Highly Qualified Teachers

Highly qualified teachers hold a minimum of a bachelor's degree, are licensed to teach in the State of Nevada, and have demonstrated competence in their teaching area. Data were obtained from the Office of Teacher Licensure as of May 2026.

Teacher Data as of: May 1st (2008-Current)

'N/A' indicates that this population was not present.

'*' indicates that the data was not available.

Schools under PovertyLevel with a 'N/A' designation indicates that there was no student enrollment on Validation Day.

(H) = High Poverty School - defined as being within the bottom quartile throughout the state of percentages of students who qualify for free or reduced-price lunch

(L) = Low Poverty School - defined as being within the top quartile throughout the state of percentages of students who qualify for free or reduced-price lunch

□ Indicates data is reported on a separate report. Starting in 2024-25, Professional Qualifications data is reported here.

Substitute Teachers Data as of: June 30th (2008-Current)

'N/A' indicates that this population was not present.

'*' indicates that the data was not available.

Schools under PovertyLevel with a 'N/A' designation indicates that there was no student enrollment on Validation Day.

The reporting of long-term substitute teacher data began in 2005-2006. Short-term substitute teacher data will be reported for the first time on the 2006-2007 report.

 Indicates data is reported on a separate report. Starting in 2024-25, Professional Qualifications data is reported here.
